PROFESSIONAL SUMMARY

Aspiring Data Analyst with strong skills in SQL, Python, Power BI, and Excel. Experienced in analyzing and visualizing data to generate actionable insights. Familiar with machine learning concepts and real-world datasets. Seeking an entry-level opportunity to apply analytical and problem-solving skills in a growth oriented organization.

PROJECTS

1.Workforce Analytics & Attrition Prediction

Tools : Excel, Data Cleaning, Data Visualization. Power BI, python

- Analyzed 500+ employee records to identify major factors affecting employee attrition and workforce performance.
- Performed data cleaning, preprocessing, and exploratory data analysis using Python and Excel to improve data quality and consistency.
- Built interactive Power BI dashboards to visualize employee trends, attrition patterns, department wise analysis, and performance metrics.

2.Traffic analysis & prediction using Machine Learning

Tools : Python, Excel ,Power BI

- Developed a machine learning-based traffic analysis system to study traffic congestion patterns and predict traffic flow trends.
- Collected, cleaned, and processed traffic datasets using Python libraries such as Pandas and NumPy.
- Applied Linear Regression algorithms to forecast traffic volume and support traffic management planning.
- Designed interactive Power BI dashboards to visualize peak traffic hours, congestion areas, and comparative traffic insights.

3.Aadhaar Data analysis using Power BI

Tools:- Excel, Power BI

- Developed interactive Power BI dashboards for demographic and regional data analysis.
- Analyzed 10,000+ records across multiple regions to identify population and demographic trends.
- Visualized insights based on gender, age group, and location using charts and graphical reports.
- Used filters, slicers, and KPIs to improve reporting efficiency and user interaction.
- Performed data cleaning and transformation in Excel for accurate analysis and reporting.

EDUCATION

Bachelor of Business Administration – Computer Applications(BBA-CA) SARHAD College of arts commerce, Katraj Pune Savitribai Phule Pune University	2023-2026
Higher Secondary Certificate (HSC – 12th) SARHAD Junior college Katraj Pune 43 Pune University	2022-2023
Secondary School Certificate (SSC – 10th) Bharati Vidyapeeth Secondary Girls Highschool Pune University	2020-2021

TECHNICAL SKILLS

Programming:	Python (Pandas, NumPy, Scikit-learn, TensorFlow), SQL
Machine Learning:	Regression, Classification, Clustering, Decision Trees, Random Forest, KNN, SVM, Model Evaluation, Feature Engineering, Data Preprocessing.
Data Visualization:	Power BI, Tableau, Excel (Advanced), Dashboard Design, Matplotlib, Seaborn
Databases:	MySQL, PostgreSQL, Google BigQuery, Vector Databases
Tools:	Excel, Power BI, Tableau, Jupyter Notebook, Google Colab, Git, VS Code.
Analytics:	KPI Tracking, Statistical Analysis, A/B Testing, Data Storytelling, Problem-Solving.

CERTIFICATIONS AND COURSES

Masters in Data Science and Analytics with AI IT Vedant Education Pvt. Ltd. <i>Covering: MS Excel, MySQL, PowerBI, Tableau, Python Analysis, Machine Learning</i>	April 2026
IBM Python for Data Science <i>PY0101EN - IBM Developer Skills Network</i>	May 2026
